SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	Abstarct. Result first statement was poorly phrased and not clear, please reconstruct. Same as second statement Line 203, with Name of author should be included Reductive effect of chilli pepper and capsaicin may not only be at the erythropoietin stage Line 202 consistent with what? Line212 what does the writer think about different platelet count effect in chill pepper and capsaicin 182 and 183 it is premature to write that effect is mide This work is unique in that it compares capsaicin and chilli pepper effect but the discussioms have not brought out that beauty clearly	
Minor REVISION comments		
Optional/General comments	The study add to the body of knowledge In effect of capsaicin and chilli pepper on haematological parameters and electrolytes.
