<p>1. Title : Since the authors had used only one concentration of zobo drink in different preparation. The title is suggested to be in 'Comparative investigation of the effect of different preparation of Hibiscus sabdariffa (Zobo Drinks) on Haematological Parameters in Normal Wistar Albino Rats'</p> <p>2. In conclusion, the authors should highlight that all the zobo drinks with regardless of different preparations are believed to have positive impact on haematological parameters as well as it also significantly reduced the leucocytosis.</p> <p>3. Line no. 196 'A WBC count.....fight infections' is needed to remove.</p> <p>4. Line no. 188 and 207 'anemia' spelling error (British English)....should be 'anaemia'.</p>
