

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_23362
Title of the Manuscript:	EFFECT OF CO-ADMINISTRATION OF CHLOROQUINE PHOSPHATE AND CEFUROXIME AXETIL ON SERUM LIPIDS AND LIPID PEROXIDATION IN ALBINO WISTAR RATS
Type of Article	Original research Articles

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The authors have really improved the quality of the paper. They have added to the introduction and make good corrections as suggested. However, some grammatical errors or punctuations needed to be corrected. For example, line 16, moreover, Line 27, However, Line 34, therefore, and so on. The authors should check all punctuations and spellings such as mi8nutes (line 65). Materials and methods: Author is expected to mention what was use for oral administration (line 62). The name and maker of the centrifuge used should be mention (line 65). The author failed to mention the condition for proper animals care. That no international law was followed. Also, the author did not specify the condition of animal sacrifice. Not sure if animal right were considered in this experiment.	The stated errors have been corrected in the manuscript.
