SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	- Please revise the English of the text due to typos. Please consider a native English speaker. - The small sample size is a limitation of this study. Please discuss such a point in a dedicated limitation section. Please provide. - Please provide a post-hoc sample size calculation. - Please perform a multivariate regression analysis in order to evaluate the role of confounding factors on results. - Furthermore, tables 1a and 1b should be implemented: the authors should provide more details about the cardiovascular risk factors of such individuals and their pharmacological history. This information should be included in the multiple regression model. - The role of dietary intake and natural antioxidants should be evaluated in such a context. Please discuss such a point in relation to the paper from Ciccone MM et al. Mediators Inflamm. 2013;2013:782137.	Thank you. Done Thank you. Done Thank you. We will consider it in our future publications Thank you. We will consider it in our future publications Thank you. Done
