

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_23844
Title of the Manuscript:	SERUM GLUCOSE, LIPID PROFILE AND OXIDATIVE STRESS MARKERS OF SALT-INDUCED METABOLIC SYNDROME RATS ADMINISTERED ANTIOXIDANT RICH NUTRACEUTICAL
Type of Article	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The manuscript present corrections in the separation of references only in the introduction; the statistical analysis was inserted in the materials and methods; However were still noted Absence of: Acknowledgement and Competing interest. ml must be mL; mg/dl must be mg/dL; In the line 72-method of [13] and [14] method of must be: method of name of the author [13] ... and method of name of the author [14] Line 74 ... immunoassay kit according to name of author [16] Line 94. method of name of the author [18] and name of author [19], respectively. Line 199 [25]; [26] must be: [25, 26] Line 216 [33, 34]; [35] must be [33, 34, 35]. Some references must be corrected: line 246 - J. Nig. Med. Assoc. to J Nig Med Assoc. line 251; 258;260; 265-266; 270; 272; 277; 285 is <u> </u> not , ; 289 is <u> </u> not <u> </u>; lines 302, 308, 310, 313, 315, 328 is a <u> </u> not a <u> </u>; line 325 and 330 name of the journal.	I agree with the reviewer comment but for the reviewer information; line 330 is not a journal but is a handbook written by Wildman.
