SDI Review Form 1.6

**PART 1: Review Comments**

|                                     | Reviewer's comment                                                                                                                                                                                                                                                                                                                                                                             | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)                                |
|-------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Compulsory</b> REVISION comments | The article is good however the ethical approval should have again done the registration under Clinical Trial registry of India(online is available) which is under the aegis of ICMR to get the ethical approval number from the Institutional Ethical Committee.Once the ethical approval is received then the Research Article is accepted for global publication in a peer review journal. | Applied for CTRI approval<br><br><b>This is to inform you that I have applied for CTRI registartion as per reviewer's comment and my Trial Acknowledgement Number is: <a href="#">REF/2016/03/010879</a></b> |
| <b>Minor</b> REVISION comments      | Over all a good Research Paper<br><br>Ethical issue: It has to be approved by CTRI from Indian Council of Medical research                                                                                                                                                                                                                                                                     | Applied for CTRI approval                                                                                                                                                                                    |
| <b>Optional/General</b> comments    | Nil                                                                                                                                                                                                                                                                                                                                                                                            |                                                                                                                                                                                                              |
