SDI Review Form 1.6

	1. “Frank” proteinuria; what level of proteinuria is this? (Please check if this word means what you want to say. I recommend review by an English speaking person for the whole paper) 2. TCA method; maybe just state in full at first appearance 3. Excluded patients on medicines affecting renal function. Suggest you state which medicines these are. 4. Define DM at first appearance and remain consistent with the use of the abbreviation. In the background, references are required for section with lines 26-36.	
Minor REVISION comments	Fig 1 & 2 not necessary – they repeat what is in the table. Suggest naming the table “Table 1”, even if it’s the only one. Ethical issue: Which ethics committee provided the ethical clearance (Line 46)?	Figures removed This is to inform you that I have applied for CTRI registration as per reviewer's comment and my Trial Acknowledgement Number is: REF/2016/03/010879 Institutional ethical committee of LTM Medical College, Sion, Mumbai.
Optional/General comments
