SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	1- How to calculate sample size? 2- You did not exclude couples with male infertility & tubal factor infertility. 3- You did not mention body mass index in both cases & control. 4- You did not mention the cut of level of TSH , T3, T4 for diagnosis of hypothyroidism & hyperthyroidism.	1- sample size calculate from hospital based gynae and obst department population. Women with diagnosed or medications likely to affect thyroid function were excluded. 2- this study we include only infertile women, in future study we will plan to include male and tubal factor infertility. 3- There are many factors which affect on infertility, including BMI. But in our research we considered only thyroid functions. 4-yes it is corrected, we mention that level.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
