SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	1) The sample size for each ethnic group, n=10 was not enough to make a conclusion for frequency of distribution in each studied population. Bigger sample size is needed 2) Table 3 – the author should mentioned or discussed in the text, what are the drugs that cause adverse drug reaction in the studied population	1) Sample size is adequate because the 10 is from the division of an ethnic group. Eg the (Akyeam, Ashanti and Fanti are all Akans) but it was sub sampled to include all factions or subpopulation of the whole. 2) Done
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	1) The English language in certain part of the manuscript can still be improved. 2) There are typo errors in certain part of the manuscript 3) The title is not adequate. An exact title is mandatory	Done
