SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The word 'Inability' does not fully define diabetes or otherwise implies only the type 1 DM. Inadequate, inactive etc. should be added to include type 2	Thank you very much for your comments and suggestions that helped me to improve the manuscript. Your suggestions have been taken into account in the final manuscript. thank you.
<u>Minor</u> REVISION comments	The word 'total' in the title should be removed as it added no value to the statement but rather a confusion.	We specified " total extract " because there may be other types of extracts; for example, extracts obtained by partition, after chromatography of the total extract etc ... Your suggestions have been taken into account in the final manuscript. thank you.
<u>Optional/General</u> comments	IDF, 2015 and ADA, 2016 should have been captured in the references	Your suggestions have been taken into account in the final manuscript. thank you.
