

SDI Review Form 1.6

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_26651
Title of the Manuscript:	Protective and Curative Antiobesity Potential of Lemon Peel Extract in Rats Fed on High Fat Diet: Mechanism of Action.
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The authors do not describe the findings of histopathology in result section. They should describe it. Ethical issues: The manuscript has ethical issues as the rats are sacrificed to collect blood from portal hepatic vein. The authors did not mention whether they have any approval from any ethical committee.	1- Done. Under (3.8 Histopahtological Examination of liver) page 7 . 2- All animal experiments were performed under protocol approved by the Local Institutional Animal Ethics Committee of Ain Shams University
<u>Minor</u> REVISION comments	Minor comments: 1. In page 2 and page 3 of introduction section, there are some spelling mistakes and difficulties in sentence making. The authors should correct these. 2. In table 2, there is spelling mistake in parameter section i.e. Feed effience , it may be feed efficiency. 3. In results section the authors should write the parameters according to table 3. 4. The authors should check the manuscript to avoid spacing mistakes between the words.	1- Done the correction in introduction section 2- Done 3- Done 4- Done and avoided spacing mistakes between the words but can't highlighted
<u>Optional/General</u> comments	The research article entitled "Protective and Curative Anti-obesity Potential of Lemon Peel Extract in Rats Fed on High Fat Diet: Mechanism of Action." outlines the effects of lemon peel against obesity. The manuscript is well written about molecular action of different polyphenolic components.
