

SDI Review Form 1.6

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_26949
Title of the Manuscript:	PARTIAL PURIFICATION AND CHARACTERIZATION OF PHOSPHOLIPASE A2 INHIBITOR FROM Echis ocellatus SERUM
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	Figure 5 must be changed to high resolution picture that suitable for publication. Ethical Issues : Who reviewed and approved the procedure in blood collection from snakes? Please amend your current ethics statement to include the full name of the Institutional Animal Care and Use Committee (IACUC) or ethics committee that approved this study.	A better resolution of figure 5 was not given in the revised manuscript because efforts to retrieve the gel slide for a better resolution shot proved abortive. The blood samples collected from the snakes was supervised by Dr. Ofemile Peter, Dept. of Vet. Phys. Faculty of Veterinary Medicine, Ahmadu Bello University, Zaria, Nigeria
<u>Minor</u> REVISION comments	The manuscript is acceptable after minor improvement as mentioned on manuscript using Track Changes.	
<u>Optional/General</u> comments	This manuscript is a good contribution to the knowledge on PLA2 inhibitor in snake serum.
