

SDI Review Form 1.6

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_25106
Title of the Manuscript:	In vitro antisalmonellal and antioxidant activities of extracts and fractions of Curcuma longa L. rhizomes (Zingiberaceae)
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The article is well written and organized and demonstrated that curcuma longa contains antisolmonellal and antioxidant principles which could be developed for the treatment of enteric fevers (typhoid and paratyphoid fevers) and the management of oxidative stress induced by salmonellal infecions. There are a few typographical errors: -At line-37, "cause" should be corrected to "causes". <u>RESULTS:</u> At line-241, "each extracts/fractions contains" should be corrected to "each of extracts/fractions contains". <u>Discussion:</u> At line-432, "flavonols" is repeated and should be omitted. <u>REFERENCES:</u> At line-520, "pp. 228-82; 1987" should be corrected to "1987; pp. 228-282 French.". At line-541, "Res. J. Med. Med. Sci." should be corrected to "Merit Res. J. Med. Med. Sci."	

SDI Review Form 1.6

<u>Minor</u> REVISION comments	No	
<u>Optional/General</u> comments	No
