

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_25425
Title of the Manuscript:	Preliminary Study of Antidiabetic Activity of the Methanolic Leaf Extract of Axonopus Compressus (P. Beauv) in Alloxan Induced Diabetic Rats
New Title of the Manuscript:	Blood Glucose Response of Alloxan-induced diabetic Rats to the Leaf of Extract of Axonopus Compressus (P. Beauv)
Type of Article	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p># Please revise title since there are some typographical errors noted I suggest if you may rewrite it to: "Anti-diabetic Effect of the Methanolic Leaf Extract of <i>Axonopus Compressus</i> (P. Beauv) in Alloxan Induced Diabetic Rats"</p> <p># In the Material and Methods section remove, "2.2 Acute Toxicity" since you too acknowledge that this study did not include Toxicity Studies</p> <p># Well revised manuscript, congratulations</p>
