SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	• Please separate the objectives • Please elaborate on the questionnaire used • Was the questionnaire validated? Or was it taken from other studies with the permission from the author? • You have not mentioned anything about BMI in your objectives, so why did u add in the results? • The results should contain only your findings not the comparison with other studies. Please modify the results • The prevalence is usually mentioned in percentage you have not put any unit. • Elaborate on the adverse drug reactions noted • Discussion is not written. This will contain the comparison with other studies.	
<u>Optional/General</u> comments	Good study but the manuscript needs some minor corrections.
