

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_27598
Title of the Manuscript:	Effects of Solvent Fractions of <i>Balanites aegyptiaca</i> Stem-bark Ethanolic Extract on Glucose Metabolic Enzymes in Diabetic Rats
Type of Article:	Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The authors respond all the suggestions made, but there are some corrections before it being fully accepted. In abstract it is not necessary repeat the phrase (i.e.1/10th of lethal dose – it not necessary) Review: Protein with capital letter??; 10%. Introduction: second paragraph, first line: Streptozotocin in capital letter?? 4 and 5th paragraph: suggestion “tannic acid, quercetin, catechin, epicatechin, and ferulic acid and coumarin” and “quercetin derivatives”, respectively. Results and discussion: the item 3.1 (Phytochemical constituent of Aqueous Fraction of Ethanolic Extract of <i>Balanites aegyptiaca</i> Stem-Bark) was made for the authors? If yes, where is the method? It seems to be theoretical background. Please review.
