SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	The paper considers an issue of the most importance, which surely requires attention as a health problem which is largely spread in the world. Since the state of the art and the discussion only considers very old references, therefore missing key studies updated. Additionally, the work also is more technical that a deep research since a new insight is missing. The paper must be reorganized considering more updated studies and presenting a clear hypothesis that might be discussed with the data of the authors.	
<u>Optional/General</u> comments
