

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_30539
Title of the Manuscript:	Evaluation of Nephroprotective Activity of Aqueous and Hydroethanolic Extracts of Trema guineensis Leaves (Ulmaceae) Against Gentamicin-Induced Nephrotoxicity in Rats
Type of the Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Revise the sentence in line 71 "the powder of leaves obtained and constituted" Line 79 remove the first sentence "concerning....." Line 80 revise the words "during 20 minutes" Line 87 animal house not "animmalls house" Line 95 revise "considering of their weight....." Line 144, report in the past tense Line 234 , it would be better to say, the results of our investigation , or our findings..... What is the justification for the different forms of extracts used? It needs to be stated	The sentence has been revised This has been done The words have been revised This has been done This has been revised This has been done This has been changed The medicinal plants are traditionally used largely orally and their preparation is therefore carried out with water ou alcoholic beverage. So the objective is to make these extracts a therapeutic alternative available to the population so we used water and ethanol as solvents.
