

SDI Review Form 1.6

Journal Name:	<u>International Journal of Biochemistry Research & Review</u>
Manuscript Number:	Ms_IJBCRR_32951
Title of the Manuscript:	Evolution of the Pronostic Inflammatory and Nutritional Index (PINI) of the children malnutris of 6-59 months during supplementation with soya and spirulina in Côte d'ivoire.
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Title: Line 4: change (children malnutris to malnourished children) Line 10: change(malnutris to malnourished) Line 13: change(groupe to group) Line 20: change(very significant to a high significant decrease was shown) Material and Methods Line 67: change(biochemistry automation to automated biochemical analyser) Line 69: small required materials: what do you mean? Line 73: YOU HAVE TO CLARIFY the composition of the AF. Line 75: ADD (control) after Group 1 Line 82: 6-59 (add months) MAM: clarify the abbreviation Insert a title before line 89 as the paragraph from Line 89-92 is not ethical consideration Line 111: change (affected to malnourished) In table 1: clarify and write the meaning of (J 0 and J 30) at the bottom of the table? Line 116-118: DELETE those lines as they are already mentioned in the Material and Methods Line 138-140: DELETE those lines as they are already mentioned in the Material and Methods The discussion section is not clear with poor English language. All references must be updated	I agree with all your comment and they have been taken into account the corrections were made to lines 4, 10, 13, 20 and 21. Line 67: This has been corrected at line 69. Line 69: I alluded to glassware when I spoke of the small material (line 71). AF:bananas, rice, yams, cassava, fish, millet(L76). Line 75: Group 1 is not a control group but it is a compared group. Line 82: This has been corrected at line 86. Line 86: Moderate Acute Malnutrition Line 89: This has been corrected at line 90. Line 111: This has been changed at line 115. J0 : Before children treatment with food supplements; J30 : At the end of children treatment with food supplements. Line 116-118: I did as you indicated Line 138-140: I did as you indicated
Minor REVISION comments		
Optional/General comments
