SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<i>The author did not explain how the doses used were arrived in the manuscript. There is the need to make it clear in the write up (for instance, if acute toxicity was performed it should be stated as well as LD50 determination and explain how they arrived at the 3 doses) to help in bring out the beauty of the work.</i>	
<u>Minor</u> REVISION comments	<i>Very little correction, I guest is a typing error but should be corrected. I ve highlighted it in the text. The font size of the first paragraph does not tally with others pls check and correct it.</i>	
<u>Optional/General</u> comments	<i>The study has actually contributed in the understanding of safety of the plant particularly to users in Nigeria and is a good attempt.</i>
