SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	This MS deal with the sensory analysis about the dishes based on mucilages of <i>Abelmoschus esculentus</i> , <i>Belischmiedia mannii</i> , <i>Corchorus olitorius</i> , and <i>Irvingia gabonensis</i> from Côte d'Ivoire against commonly used recipes. It was obtained some valuable information to make a proposal of culinary recipes, although the sensory appreciation differs from the species of mucilaginous food plants. I recommend that this MS will be accepted for publication in International Journal of Biochemistry Research & Review.
