PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	I feel only one method should be used in the result presentation which is just the tables.	
<u>Minor</u> REVISION comments	I also feel the Introduction can be re-written in such a way that the review about the plant comes first before the MSG.
