

SDI Review Form 1.6

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_35678
Title of the Manuscript:	Caveolin-1 gene, hyaluronan and CA 15-3 as Potential biomarkers for diagnosis and prognosis of primary breast cancer
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound.

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. Introduction section needs to be rewritten. It should clearly indicate objective and motivation for the problem of this research. Then give the organization of the paper. 2. Literature survey (related with this work) may be improved. 3. It's better to use more keywords like Biomarker, cancer diagnosis. 4. Why the author consider the different value $p \leq 0.05$ or $p \leq 0.01$ etc for statistical analysis. Give physical significance behind it. 5. p is written in different format, sometime it is capital, sometime small. Make it uniform according to journal style. 6. Quality of Figure 2 should be improved and explained in brief. 7. This study revealed significant correlation between cav-1 gene and serum CA 15-3 using statistical analysis. However, biological validation (in wet lab) of these results are highly appreciated.	
Minor REVISION comments		
Optional/General comments
