**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ul style="list-style-type: none"> <li>The paper looks interesting but the title is not as attractive as it should be. Author should try to modify the title if possible to make it more attractive.</li> <li>The author has straight away come to results in the abstract without discussing a line about dietary palm or cocoyam. Try to write a line about these and then come to your investigations.</li> <li>The introduction should straight away determine the significance of your work and not wander or deviate from the main objective of the work. Try to precise the introduction as much as possible.</li> </ul>	
<b>Minor</b> REVISION comments	<ul style="list-style-type: none"> <li>Material and methods are not written as it should have been. Modify the material and methods part.</li> <li>The results and discussion part is written haphazardly and it does not present the results in a nice manner. Modify the results and discussion part and make some subheadings so that it should become easy for the reader to understand your work.</li> </ul>	
<b>Optional/General</b> comments	<ul style="list-style-type: none"> <li>I think the conclusion should be devoid of any references. It should depict what you have concluded from the work and that is all.</li> <li>Try to strictly write the references as per the format of the journal.</li> </ul>
