

SDI Review Form 1.6

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_41585
Title of the Manuscript:	NEPHROPROTECTIVE AND ANTIHYPERLIPEDEMIC ACTIVITY OF HONEY IN ALLOXAN INDUCED DIABETIC WISTAR RATS
Type of the Article	ORIGINAL RESEARCH PAPER

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	There are some points to be corrected in my opinion: (1) Abstract cannot be more than 250 words. (2) Give references for 'our previous studies to show the effect of long term dietary honey'. (3) Need to be mention study period in materials and method (Note: month/year. (4) Need to be mention F value in statistical analysis and results. (5) Give some newly references (not less than 10 years) (6) For references, two patterns can be recognized. Please correct by using only one style for citation. For example: 23. Al Seeni MN, El Rabey HA and Al Solamy SM (2015). The protective role of bee honey against the toxic effect of melamine in the male rat kidney. Toxicol and Industrial Health, 31(6) 485–493 32. Al Waili NS. Natural honey lowers plasma glucose, 361 C-reactive protein, homocysteine and blood lipids in healthy, diabetic, and hyperlipidemic subjects: comparison with dextrose and sucrose. <i>J Med Food</i>. 2004; 7:100–7. Note: Year 2004 for ref.32 is written in front of the volume, whereas ref.23, Year 2015 is written following the authors. (7) Please correct all journals name by using one style in references Colum. Note: Italic style (8) Delete et all in reference Colum. (9) Some minor error, please correct. (-)	I have done the following; 1. Reduced the Abstract to 245 words 2. Added references for our previous studies 3. Added study period 4. Deleted et al in reference column 5. Changed the pattern of references as instructed 6. Removed (-)
Minor REVISION comments		
Optional/General comments
