

SDI Review Form 1.6

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_42615
Title of the Manuscript:	THE EFFECT OF Citrullus lanatus SEED EXTRACTS ON THE LIVER AND KIDNEY OF MATURED FEMALE ALBINO WISTAR RATS
Type of the Article	Original research papers

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article studied the integrity of the liver and kidney following administration different <i>Citrullus lanatus</i> seed extract doses in rats. The author showed the histomorphology changes in liver and kidney as well as measuring ALT, AST and ALP liver activity and Na ⁺ , K ⁺ , Cl ⁻ , HCO ₃ and creatinine kidney activity. The results showed that <i>Citrullus lanatus</i> seed oil could be a good for the liver and kidney when consumed.	
Minor REVISION comments	In the article there are some formatting problems. The meaning of the acronyms needs to appear in the first time that acronyms was write in the article. In material subitem write "cheesecloth" and not "cheese cloth". Use the same formatting for the tables. The histological images of the liver and kidney should be in the result item and these results should be discussed better. <i>Mangifera indica</i> should be in italics	All the identified errors have been corrected
Optional/General comments
