

POINT-BY-POINT REVISIONS IN RESPONSE TO REVIEWERS' COMMENTS

In line with the editorial reviewers' comments, the following revisions (in yellow colors) have been made to the manuscript entitled "**PREDICTORS OF GLYCAEMIC CONTROL AMONG GHANAIAN TYPE 2 DIABETES PATIENTS USING DIABETES SELF-MANAGEMENT APPROACH**"

- The sampling method has been re-written and described concisely. See line 137, 138 under **Sampling method**;
- The controversy under **Glycated haemoglobin assessment** has been clearly explained. see line 186, 187.
- The p-values have been corrected in the results table. See table 2 and table 7.
- An additional reference (Bharti et al., 2018) has been added, based on reviewer suggestion.
- The statement under discussion has been re-written concisely. See last statement of second paragraph under **Discussion**.
- The statement under Table 2 has been removed. See above table 2.
- All typo-errors have been corrected
