

SDI Review Form 1.6

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_38670
Title of the Manuscript:	A Review of Formation, Toxicity Of ROS By Heavy Metals And Tolerance In Plants
Type of the Article	Review Paper

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	I think the theme is very interesting. However, as it is a review, I suggest authors add more references to robust their manuscript. Very topics are built in just one reference and I think it does not work out when we are doing a review manuscript	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
