

**SDI Review Form 1.6**

Journal Name:	<a href="#">International Journal of Biochemistry Research &amp; Review</a>
Manuscript Number:	Ms_IJBCRR_40959
Title of the Manuscript:	PHYTOCHEMICAL SCREENING AND ANTIMICROBIAL ACTIVITY OF LEAVES AND STEM-BARK AQUEOUS EXTRACTS OF DIOSPYROS MESPILIFORMIS
Type of the Article	Original Research Article

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	The authors did the work with interesting manner. The work done by this plant is good, but further it needs to explore more elaborately.	
<b>Minor</b> REVISION comments	1. It would be interesting to describe the objectives of the work in the paper introduction. 2. What year the plant material was collected? The plant material has voucher specimen number? 3. English revision need. Grammatical errors should check in the manuscript. 4. Check all the references. Different styles. 5.To improve the phytochemical study, I suggest to perform HPLC analysis. With HPLC analysis is possible to identify and quantify the compounds in the sample.	
<b>Optional/General</b> comments		

**Reviewer Details:**

Name:	<b>Bruno dos S. Lima</b>
Department, University & Country	<b>Department of Pharmacy, Federal University of Sergipe, Brazil</b>
