

**SDI FINAL EVALUATION FORM 1.1**

**PART 1:**

Journal Name:	<a href="#">International Journal of Biochemistry Research &amp; Review</a>
Manuscript Number:	Ms_IJBCRR_42234
Title of the Manuscript:	Hypoglycemic Effect of Manniophyton Fulvum Aqueous Root Extract on Streptozotocin-Induced Hyperglycemic Wistar Rats
Type of Article:	Original Research Article

**PART 2:**

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>1. The manuscript contains too many typos to be published in any journal at the current form. The authors are too lazy to even run "spell check" in Microsoft Words.</p> <p><b>The authors had not answered these two comments in the revised manuscript.</b></p> <p>2. Please cite and discuss the paper below; Onyemairo N.J. et al. Evaluation of the anti-diabetic properties of Manniophyton fulvum. <i>Journal of Biology and Genetic Research</i> 1(8): 23-30, 2015.</p> <p>3. In figure 7, what do black arrows indicate? In the legend (C), the word "degeneration" is inappropriate. The authors did not make any correction or explanation to this comment.</p>
