SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Line 104-105: Kindly check your methods of sample collection. State phlebotomy method of blood and concentration of preservatives used for 24 hour urine. Centrifugation of blood in plain vial causes haemolysis and 24 hour urine separation with centrifuge is highly demanding.	
Minor REVISION comments	Line 28: Correct spelling error Line 63: 2.0 for Materials and methods Line 89: Full meaning of ACOG Line 197: Comma before respectively should be removed Line 210: All <i>et al</i> should be italicised Line 258: References are not in same format and such should be re-arranged Line 308: All authors involved should be listed.	
Optional/General comments	Manuscript is currently devoid of acknowledgement(s).
