

SDI Review Form 1.6

Journal Name:	International Journal of Biochemistry Research & Review
Manuscript Number:	Ms_IJBCRR_43625
Title of the Manuscript:	THE PREVALENCE, PATHOPHYSIOLOGY, MOLECULAR MECHANISMS AND BIOCHEMICAL PATHWAYS IN THE PATHOGENESIS DIABETIC RETINOPATHY– AN OVERVIEW.
Type of the Article	Review Paper

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	A deep professional English grammar and spelling revision is needed. Citation is not homogenous along the MS (see Global prevalence where, also, some citation is misleading). Figures seem to be taken from different sources and are not properly cited. Article style with such a lot paragraphs are sometimes confusing so a new distribution should be suggested. Sometimes sentences are too short, not related with the previous and not properly cited and includes some statements that are not fully accepted (f.i. L472).	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
