| | | |
|-----------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| | | |
| <u>Optional/General</u> comments | Abstract to be structured as : Introduction/ case/observation/conclusion format. Language needs a bit of correction so as to emphasize the rarity and create awareness. Documentation of such unique case is important as it helps in proposing the best treatment modalities available. | |
