PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<p>Interesting case connecting the hyperemesis syndrome (in this case cannabis HS) with the possibility of subcutaneous emphysema.</p> <p>I suggest that the location of emphysema must be noted in title and abstract too.</p> <p>In my experience I had a case of Orbital Emphysema after nose blowing, just published in Neurology.</p>	<p>Thank you for your feedback and suggestions. We have edited the title and abstract to reflect your suggestion.</p>
Optional/General comments
