PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	This manuscript is a well written case report. There are few remarks in its review. I suggest that Authors avoid one sentence paragraphs, as seen on Introduction and on discussion sections. Authors should mention that patient consent to the case report.	The necessary corrections has been made. The permission given by the patient to publish this article is noted under the 'content' subheading.
<u>Minor</u> REVISION comments	Line 32: Africans – use capital letter.	The correction has been effected.
<u>Optional/General</u> comments
