PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This is an interesting case report presenting a case with ureteric stone treated completely with Homeopathic medicine The patient showed complete response treatment and stone free. I found paper would trigger search into new treatment modalities other than surgery and I support publish paper. Please revise the exact stone size in methods section I have read as 66 mm.	
Minor REVISION comments
