SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	The paper is very informative, but needs some grammatical check and conceptual reorganization. It should also adhere to the IJPSS format.	All the changes suggested by the reviewer have been incorporated in the manuscript (Grammar).
<u>Minor</u> REVISION comments	The information on soil types in the area is very important because crop response to nutrient addition depends on the soil's inherent fertility. Other comments in the attached PDF file.	Type soils that exist in the study area have been included in the manuscript under the sub-topic (The study area). All comments suggested in the pdf have been incorporated in the manuscript.
<u>Optional/General</u> comments	It is generally a well written paper.	Thanks
