

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	2014_IJPSS_14410
Title of the Manuscript:	USE OF COAL DERIVED HUMIC ACID AS SOIL CONDITIONER TO IMPROVE SOIL PHYSICAL PROPERTIES AND WHEAT YIELD

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>Please re-check your arrangement of tables. Your first table is now Table 7 (under Results and Discussion) instead of Table 1. Also change your in-text reference to Table 7 accordingly.</p> <p>Table of site soil characteristics indicated as added has not. Please indicate the soil characteristics of the sampled soils.</p>
