<p>I could not read through the manuscript because of the poor construction of sentences. Spelling and grammar mistakes.</p> <p>In the Abstract, the authors mentioned that Chlorophyll and carotenoid content increased at 3000ppm but in the results it is mentioned that chlorophyll and carotenoid content decreased by 74.46% and 84.95%. Entirely opposite statements.</p> <p>Too many inconsistencies to highlight here.</p>	<p>I think your comments are included in the text</p>
