PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|---|
| Compulsory REVISION comments | Good paper, interesting, clear and well presented. One question: How do you explain the negative correlation between grain oil content and oil yield/ha related in page 19, just under table 6? | Thank you for your positive comments. This is a mistake. I corrected it. Actually, it is a positive correlation as it is shown in Table 6. Thank you for discovering this mistake. Please see corrected manuscript. |
