

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_24304
Title of the Manuscript:	The water infiltration, hydraulic conductivity and water retention effects of ground Saponaria officinalis (L.) root as a soil surfactant
Type of Article	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
The authors did not consider all my comments; they gave feedback about only some recommendations. The revised paper is better than original version.	

Reviewer Details:

Name:	Ariadne Felicio Lopo de Sa
Department, University & Country	Department of Biological Sciences, University of Sao Paulo, Brazil
