PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Please confirm the guidelines and format for this journal or just get the template from their site and follow through. Referencing format is wrong, both in-text and in the reference list. Should be in numbers in order as they appear in the main text. Please include the Conclusion section, it is very important in scientific writing	1. Reference format has corrected. 2. Conclusion included.
Minor REVISION comments	Correct as highlighted in the document	Corrected as per guidelines
Optional/General comments	This is a great study and its novelty is of high standards.	Thank you.
