

### **Editorial Comments:**

Some changes should be made-

1. There are some language errors, eg. "Material and Methods" should be " Materials and Methods".
2. Whant kind of statistical software is needed in this work ? this should be addressed in the Materials and Methods section.

### **Authors' Feedback:**

First of all thanks to editor for critically checked my manuscript.

I have been corrected the language errors and highlighted in manuscript. Statistical software used for this study already mention in statistical analysis section "IRRISTAT data analysis package (IRRI, 2000".
