SDI Review Form 1.6

Journal Name:	**International Journal of Plant & Soil Science**
Manuscript Number:	**Ms_IJPSS_30111**
Title of the Manuscript:	**Genetic Diversity and Variability among Papaya (Carica papaya L.) Genotypes using Multivariate Analysis**
Type of the Article	**Original Research Article**

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty'**, provided the manuscript is scientifically robust and technically sound.

SDI Review Form 1.6

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	The grammar of the manuscript should be improved considerably, due to demerits study quality. The introduction should include studies related with the papaya morphologically characterization, such as Ocampo et al. (2005). Likewise, it is necessary to include a table in the section Material and Method that shown the origin of accessions and indicating the sex type (female, male or hermaphrodite) of each plant characterized. Discriminant analysis should be excluded, because not is relevant to explain the results. On the contrary, it should include a figure with component 1 and 2 showing the distribution of accessions in a principal plane. Finally, all observations are includes is the file attached.	
Minor REVISION comments		
Optional/General comments
