Type of Article:	Original Research Paper

### PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<p>Spelling mistakes and joined words (Ex. Abstract) needs to be corrected. For example it should be realising instead of releasing in line no 22.</p> <p>This study did not revealed anything new. Just tested the germination of different lots of coriander with different age. It simply concluded the well known fact that prolonged storage will deteriorate the seeds that too without performing any conformational experiments of their own.</p> <p>If the author could satisfactorily explain the following, the manuscript can be accepted for publication</p> <ul style="list-style-type: none"> <li>• Uniqueness / novelty of the study</li> <li>• Significant contribution of the study to the seed science.</li> </ul>
