SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>Most of the scientific names of plants used in the manuscript are written together instead, the generic names should be clearly separated from the species names.</p> <p>The dendrogram from single linkage cluster analysis indicates that the six cluster groups were draw from a distance of 0.45 and not between 0.55 and 0.60 as indicated by the author (the line of reference draw across the dendrogram).</p>	<p>The mix up was due to the version of Microsoft office I used to prepare the manuscript. I have replaced the version of Microsoft office with compatible version. I have checked the manuscript and made the necessary corrections. The dendrogram has been corrected.</p>
<u>Minor</u> REVISION comments	<p>Some of the words were clump together and need to be separated to give its true meaning. Typographic errors should be avoided as much as possible when effecting corrections on the manuscript</p>	<p>The mix up was due to the version of Microsoft office I used to prepare the manuscript. I have replaced the version of Microsoft office with compatible version. I have checked the manuscript and made the necessary corrections.</p>
<u>Optional/General</u> comments
