

SDI Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_38713
Title of the Manuscript:	Characterization of enriched phosphatic sludge and studies on nutrient releasing pattern from enriched phosphatic sludge under submerged condition
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Introduction: the introduction has no basis and no problem statement. The introduction should address the total problem the research hopes to address; highlight the influence of the factors under consideration; the broad objectives of this work and the measureable specific objectives. The introduction has no citations. Lacks source of information. Materials and method: there is no experimental design for this work. It also lacks statistical analysis. Results: each table comes immediately after each discussion for that table.	Noted Noted Noted
Minor REVISION comments		
Optional/General comments	Please rewrite your introduction
