

SDI Review Form 1.6

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_38713
Title of the Manuscript:	Characterization of enriched phosphatic sludge and studies on nutrient releasing pattern from enriched phosphatic sludge under submerged condition
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Introduction should be re-written logically to include the justification of the study and the objectives. Experimental design and statistical tool used for the analysis should be clearly stated. Tables should be taken to the sections where discussions on them are made. More related literatures should be consulted to enrich the work. See suggestions in the text for corrections and modifications	Noted Noted
Minor REVISION comments	See suggestions in the text for corrections and modifications	
Optional/General comments	Publishable after corrections
