PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Mention as directed in the abstract, correct the scientific name	The scientific name has been corrected as directed.
Minor REVISION comments	Methods in brief but with proper reference	
Optional/General comments	Very good work, results and discussion part may be shortened.	I disagree with the reviewer since reducing the results and discussion might lead to removal of vital information that might be of relevance to the field of rice improvement.
