**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p>There is need to add a standalone section on Data analysis and to add some morw information on what type of analysis was done besides the correlation analysis.</p> <p>Please check on the consent section and correct accordingly</p>	
<b>Minor</b> REVISION comments	The paper is very well written and I have suggested some minor grammatical and technical corrections using sticky notes directly in the manuscript	
<b>Optional/General</b> comments
